PINS programme

Last week you would have received an email from the Partnership for Inclusion of Neurodiversity in Schools (PINS) programme. This programme aims to improve the experience of mainstream school for children who may have additional educational needs. Your feedback will help identify what's working well and where schools can improve to better support inclusion and wellbeing. **The survey is open to all parents and carers whose children attend a school participating in the programme.** It offers families a valuable opportunity to share their views on how inclusive, welcoming, and supportive the school environment is for their child(ren)—whether or not they have additional needs.

If you haven't done so already, please [click here to complete the survey](#)

By taking part, you are helping to inform real, positive change—benefiting not only your child, but the whole school community.

One Page Profile

Some families will have received another paper copy of your child's One Page Profile over the last few weeks. Please add your family views to the 'things my family think you need to know about me' section and return to school. It is really important that we include your views to make sure this profile truly reflects your child. Please write on them and return them to the school office or the class teacher and the electronic version will be updated.

School Absence Guidance update

New guidance for parents/carers from Norfolk County Council is now available on our website relating to school absences and Penalty Notices.

Please click on the link [here](#) to view this guidance.

House plant donations

Having plants in School has been shown to improve air quality, promote mental wellbeing and help children focus (as well as making the School look greener!) With this in mind, we're asking for donations of houseplants please to come to School. All types and sizes welcome! Thank you to those who have donated plants already.

Updates from the PTA

MULBARTON PRIMARY SCHOOL PTA

Thanks to all our volunteers and supporters this year
we raised over £5,000 for the school

Our mission is to raise funds to enable the pupils of our school to enjoy a full and varied learning environment. We aim to organise not just fund-raising events but also social events to bring the wider school community together.

We need your help to organise another year of successful events, provide the children with fun memories and fund exciting projects. You don't need to be a formal Trustee to help or provide a regular amount of time - **just half an hour a year is all we need!**
