How Hill Residential

Year 3 embarked on their first residential trip this week, with Barn Owls visiting Monday to Wednesday and Kestrels visiting Wednesday to Friday.

The children have enjoyed nature trails, set up motion cameras around the dyke and went dyke dipping to find invertebrates (one group even found a small newt!).

Our children played in the secret gardens and began their weaving projects. The children also got to on boat trip to Barton Broad and spotted plenty of birds including marsh harriers and kingfishers. The boat trip off finished off with a hot chocolate and a biscuit, followed by some owl pellet dissection to find some bones.

They have had fun orienteering in the woods and watched the footage from the camera set up the day before. They also did some woodland art and played a game of 'hawks and blackbirds'.

They all had such a wonderful time!
